WORKING TOGETHER
FOR THE GOOD OF ALL

4th October 2019

RE: Sharing of KS2 SATs

Dear Parents/Carers,

At St. Michael's we pride ourselves on our links between home and school - in particular our commitment to ensuring parents have a detailed understanding of how we achieve as a school and we are very pleased to be sending home this letter regarding school attainment and progress in the 2019 KS2 SATS tests.

This year, we achieved a percentage pass rate of 81% for Reading, Writing and Maths combined. This is well above the national average of 65% and places us in the top 7% of schools nationally for Reading and Maths attainment (test only) and the top 14% of schools nationally for Reading, Writing and Maths progress.

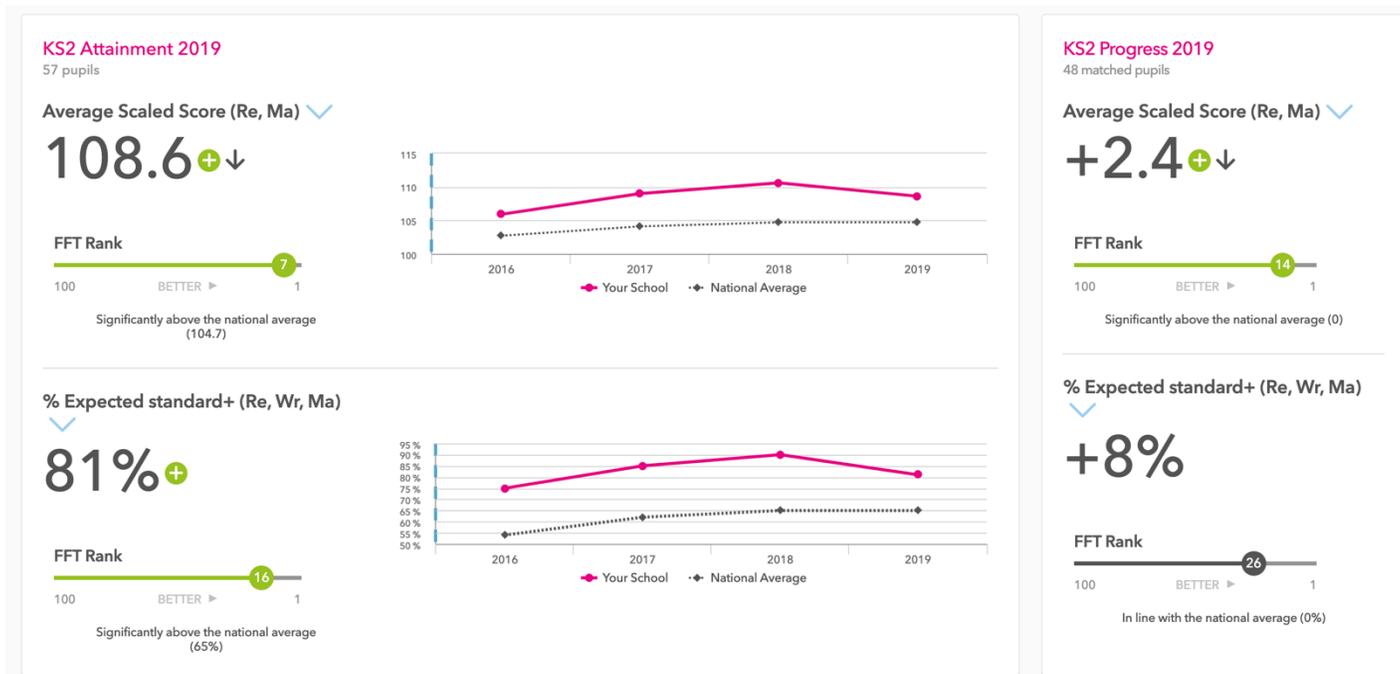

If you have a look at the graph on the next page, this will give you a pictorial representation of how well we attained in 2019. Our average scaled score of 108.6 means that, on average, we perform almost at an above average rate for all children as 110 is the threshold for getting Above Age Expectation in the SATs tests. You will also see the green "FFT Rank" on the chart. FFT are a charity who produce information for schools on their data. The "FFT Rank" shows where we are nationally and, as you can see, the school has done very well indeed.

In addition to this, our +2.4 for progress means we are also well above national expectations and in the top 14% of schools nationally. To have these high attainment and progress measures is a testament to all the hard work the staff have put in – all the way from when they started in Reception to these wonderful Year 6 results.

INVESTOR IN PEOPLE

We are thrilled that the school has done so well and wanted to share these figures with you.

Best wishes,

AMGrant
