SPRING TERM (2020)

ST. MICHAEL'S CE SCHOOL STATUTORY REVIEW OF THE SCHOOL WEBSITE SPRING TERM 2020

SPRING TERM UPDATE: (IN GREEN)

A comprehensive review was carried out during the **Christmas holidays** in readiness for the start of the **Spring term 2020**.

The DfE December 2015 document been used as the proforma for reviewing the website and statutory information <https://www.gov.uk/what-maintained-schools-must-publish-online>

As previously stated in all reviews, it should also be noted that we carry out weekly tasks to ensure that the information on the website is up to date and compliant as well as reflecting the current events that have taken place in school.

General: A statutory review of the St. Michael's CE School website was carried out by the Headteacher during the holidaysholidays prior to the start to the new academic year / term. This statutory review is part of the self-review and evaluation process of the school and also is part of the '**1st of The Month Tasks**' to ensure that the systems we have in place comply with the recommendations of the DfE.

The aspects highlighted in **yellow** show that the school is complying. Where there are statements in **red**, there is a need for further review and inclusion. We have included the update for the term in the boxes under the related headings as it represents an addition to the website over and above what is expected.

It should be noted that the school website is continually reviewing and updating the school website. The next termly review will take place in April 2020 in readiness for the start of the Summer term 2020. In the event of new regulations / information being given, we will update accordingly.
